

This happy quilter, Claudia, attended a **Poinsettias, Peppermints, & Pines** workshop held in San Antonio. Claudia finished most of her top in class. Five days later she sent me a picture. Claudia you did a beautiful job! Thank you for attending the workshop and for sharing your picture and comments.

Here's what Claudia had to say:

"I finished my appliqués — the stars were difficult but worth it! I love it! Thank you for the workshop."

"Stencil was easy to use and Ms. Matzen did a great job of explaining how to use it. I look forward to making the poinsettia table topper."
